

# Stuart Sterling

**1966 Dargaville AMP  
Agent**

**2023 Wealthpoint  
Adviser**

What an amazing Journey Stuart has been on, and one we've been so proud to be part of.

Last week at Wealthpoints annual conference Stuart was honoured with the **Wealthpoint Chairman's Long Service Award**. Celebrating 57 years of assisting people with their insurance and investment needs.

Thru-out the years he has been recognised & received many awards. And together with Gay has had the opportunity to travel the country & the world, making lifelong friends with clients, fellow advisers & suppliers.

Stuart has epitomised what a Wealthpoint Adviser is - "it isn't to sell insurance, investment or lending products, its to be a trusted adviser to clients and their families. To support generations of families with relationships that go back decades. Goals change, things happen but Stuart has been there helping people along their financial paths for 57 years."

"Every journey has an end and that is what makes the journey special."

Last week marked the end of Stuart's journey as an Adviser. Although the journey of giving "advice" has now ended, he is staying on with us as a "consultant" or as his badge at conference says "support staff".

Stuart will continue to do what he does best - listen & be there for his clients, friends & family.

But Stuart we do hope you enjoy a slightly slower pace of life with Gay.
